

## DIAPHRAGM TANKS

HYDROPRO ${ }^{*}$ WATER SYSTEM TANK

## Goulds Water Technology

## FEATURES

Horizontal Models: Feature a universal jet pump bracket and two (2) bolt-on, corrosion-resistant, high density polypropylene feet for installations with limited headspace, such as under mobile homes.
Deep Drawn Steel Shells: Provide maximum material strength.

Inner Shell: Prevents diaphragm from over-expanding.
Heavy Duty Diaphragm: Made of finest quality butyl rubber. Separates air and water, maintains air charge.

Interior Tank Lining:

- Stand models feature durable polypropylene liner. Meets FDA requirements.
- Mounted pump models feature fusion bonded polymeric lining. Meets FDA requirements.

Maximum Working Pressure: 125 psi (except mounted pump models, 100 psi).

Temperature Rating: Maximum $120^{\circ} \mathrm{F}$
Stainless Steel System Connection: On all Stand, InLine, Buried and Horizontal models.

Appliance Appearance Exterior Finish: Blue color, high durability exterior finish of tough, powder coat over a zinc phosphate surface treatment.

Tanks are designed for installation indoors or where they are protected from rain, irrigation overspray, salt air and other corrosive environ-ments. Always protect tanks from freezing.

Heavy Duty Base: Made of high density polypropylene.

Pre-charge: All tanks charged to 38 PSI.

Stand Models
V45 V140

V60 V200
V80 V250
V100 V260
V100S V350

Horizontal Models with Pump Mounting V25H V45H V60H

In-Line Models
V6P V15P
V25P V45P

Mounted Pump Models V60MP V60PST V45MP V45PST

Stand Model with Base Extension V80EX

## Goulds Water Technology

## NOTES:

* Compatible with only certain Goulds jet pumps.
P = Pipe mounted
$E X=$ With base extension
B = Buried
MP = Mounted pump PST = Pump system tank
$H=$ Horizontal with bracket
(All dimensions are in inches and weight in lbs. Do not use for construction purposes.)

## ACCESSORIES

## AW39 Bracket:

Universal pump
mounting bracket for use on all stand model tanks.

## AWT1 Base Extension:

For use on $153 / 8^{\prime \prime}$ models.
Provides $4 \frac{1}{8^{\prime \prime}}$ base elevation.
Supplied in quantities of six
(6) per carton.

| Order No. | Description | Wt. (lbs.) |
| :---: | :--- | :---: |
| AW39 | Universal Jet Pump Bracket | 2 |
| AWT1 | Tank Base Extension (Oty. 6) | 5 |

## Xylem |'zīləm|

1) The tissue in plants that brings water upward from the roots;
2) a leading global water technology company.

We're 12,500 people unified in a common purpose: creating innovative solutions to meet our world's water needs. Developing new technologies that will improve the way water is used, conserved, and re-used in the future is central to our work. We move, treat, analyze, and return water to the environment, and we help people use water efficiently, in their homes, buildings, factories and farms. In more than 150 countries, we have strong, long-standing relationships with customers who know us for our powerful combination of leading product brands and applications expertise, backed by a legacy of innovation.

*V-250 may also be used.
For higher capacities use multiple tanks.
Burial tanks are available - see catalog.
Precharge at 2 lbs . below cut - in setting of pressure switch.
